Tonight's Special Guest **Janie Ramsay** *The Disgraceful Sons of King George III*

I started my first Antique shop in the High Street Tunbridge Wells in 1975, moving to the Pantiles in 1981. I later joined Sotheby's at their Head Office in Bond Street, becoming a Director in 1998. On retiring fulltime in 2008, I continued to work as a consultant until December 2014 when I finally handed in my pass.

Having been in the Antiques trade for over 45 years, I have a love of English history, particularly as it relates to our extraordinary Monarchs and am just waiting for Hollywood to catch up with these disgraceful sons.

George III had 9 sons and 6 daughters. Two of the sons died in infancy so this talk looks at the 7 sons and what they got up to. And what a lot that was. Illegal marriages, countless mistresses, illegitimate children, Parliamentary Commissions, court cases and much, much worse. The talk is fully researched and illustrated via Power Point and I promise you, some of it is very hard to believe!
